

iBiz - Time-billing/project manager updated

Putney, VT. IGG Software, LLC has released v. 2.4 of iBiz, an intuitive time-billing and invoicing application with Address Book and iCal integration (www.iggsoftware.com/ibiz). iBiz 2.4 now offers Tiger support and support for our new iBiz Dashboard widget (www.iggsoftware.com/ibiz/widget.html). The iBiz widget is one of the first 3rd party widgets to work in conjunction with a stand alone application and it allows users to efficiently time their activities. Several other small bugs were fixed in this update.

iBiz 2.4 costs \$29.99 (download link www.iggsoftware.com/ibiz/iBiz.dmg.bin), but it is free for registered users of iBiz 2.x.

iBiz Server/Client costs \$74.99 and additional client licenses cost \$24.99 (download link www.iggsoftware.com/ibiz/iBizServer.dmg.bin)

All of IGG Software's products come with a free 10 day trial period so you can "try before you buy".

IGG Software is committed to developing powerful, yet easy to use personal and business applications. Since its inception, IGG Software's products have been recognized in MacWorld, by Apple, in MacUser and many other prominent Macintosh publications. IGG Software, LLC was started by Dr. Ian Gillespie in 2002 to develop enterprise strength applications for everyday Mac users. For more information, please visit us online, www.iggsoftware.com
