### IGG Software Product Line Ready for Leopard

Putney, Vermont - IGG Software, LLC announces that the most recent versions of their applications, iBiz, iBank and iPaste, are all fully compatible with Mac OS X 10.5 Leopard. Free upgrades for existing users of iBiz 3 and iBank 2 are available for download for use on Leopard. iPaste users running iPaste 1.1.2 need not upgrade and will find their current version is Leopard ready.

IGG Software is committed to developing powerful, yet easy to use personal and small business applications. Since its inception, IGG Software's products have been recognized by Apple as well as in MacWorld, MacUser, MacFormat, and many other prominent Macintosh publications. IGG Software, LLC was started by Dr. Ian Gillespie in 2002 to develop enterprise strength applications for everyday Mac users.
